Agricultural Committee Will Recommend Drastic Action.

Washington.—It is said that the house committee on agriculture will report a bill early next month making it a penal offense to deal in futures on farm products. The bill will be the outcome of the hearings now in progress before the committee. But the advocates of this legislation admit there is only slim chance for the bill becoming a law. They base their opinion on the record made out 20 years ago when the house was wild with enthusiasm for the anti-option bill which held the attention of the country for months.

Women

Women who suffer from female ailments, frequently neglect their trouble, till a general break-down follows. Don't wait till your case is as bad as that—take Cardui in time. It is a safe, reliable medicine, for all women.

Take CARDUI

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side, drawing pains in my legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. It will help you." E 43

School Notes.

We are in the midst of reviews for the spring examination this week. I wonder how many of us will get on the honor roll.

Last Friday Mr. Frank Rainer told our superintendent that he was welcome to some pretty oak shade trees on Mr. Rainer's plantation. Mr. Benson called for volunteers among the boys who would go and dig the trees and transplant them on the school ground. The following responded: Dana Perdue, Leroy Bullard, Wallace Law, Ex. Parker, Mayer Strickland, and Arthur Dubose.

Afterward these helped to plant the trees on the ground: Norman Ham, Seph Blue, Greely Rowe, J. M. Rowe, Sam Blue, Will Brunson, John Farris, Alto Barker, Otho Rowe, Orville Alford, and Luther Morris. There were eleven trees, one for each grade.

We are delighted to have the electric lights once more in the auditorium at public entertainments.

By the way, dear Mr. Editor that was a good piece you wrote about disorder in audiences. But that whispering is not always done by students.

Our school is proud that so many of those who applied for certificates to teach at the last examination were students of our school. Not far from one half of the Coffee county applicants who passed the examination are now or have been students of the Elba Free School.

Two beautiful tennis courts have been laid off in the "Pine Grove," and on pretty afternoons when school is out the young people indulge in this fine exercise.

Monday night the senior class met to study the stars, under the direction of our teacher. We never dreamed before that this study is so beautiful. We learned the names of all the grand constellations that were up, and of the seven bright stars. The first magnitude that we could then see. The seniors and teachers lately presented to the library a large and elegant book called "The Stars." The word "The Stars" is a treasure and the immense value is indeed a treasure of wisdom.

Enough for this time.

Taylor's Mill School.

Eds. Clipper:—

Friday night last we closed our school here with an excellent concert. A large crowd of patrons and visitors were present and for two hours gave us the best of attention and behavior. The children all acted their parts well, the applause at times would remind us of a political gathering.

Now Mr. Editor, when we speak of the Taylor's Mill community we speak of a world of Taylors and they are all good people. I am especially indebted to the school trustees and the Ladies School Improvement Association for their splendid co-operation throughout the term. These good ladies, Mesdames Compton, Sharpier, Taylor and Miss Bonnie Parish, secretary of the association have certainly been very helpful to the school.

The prize for the best scholarship and deportment was awarded to Miss Vester Compton. The penmanship prize to Oscar Vaughn. Minor prizes were awarded to several other pupils.

The honor roll for the entire term is as follows: Vester Compton, Bonnie Parrish, Jonnie Davis, Lelia Parish, Gladie May Compton, Colia Sharpier, Estelle Clark, Oscar Vaughn, Ellwood Taylor, Alzie Taylor, Dave Vaughn, Jessie Taylor, Bamma Hickman, Oscar Prescott.

In conclusion, Mr. Editor, I

must again thank these good people for their kind and hospital treatment at their homes and at school and elsewhere. At all times they have been thoughtful and kind. There will always be a tender spot in my heart for the all, and I trust the time I have spent among them has been well spent, and that the seeds I have sown in the cause of education will bring a rich harvest for many days.

Respectfully,
Chas. J. Windham.

Compliments Bankhead.

Senator Bankhead is too busy in Washington looking after the interests of his people, to pay any attention to the rumpus White is kicking up down here. Wonder if the grand old Senator knows he has opposition? Bet he doesn't for such small things never reach Washington.

Headland Post—3-1-10.

"We Farmers" are all for Bankhead, because he is the man who is always looking after the people. He is too good a senator to be defeated this time. Watch the prediction.

Athens Courier-3-2-10.

Hon. John B. Knox of Aniston has announced his candidacy for the seat in the U. S. Senate now held by Hon. John H. Bankhead and on Thursday last issued a lengthy statement of why and wherefore. Mr. Knox is one of Alabama's most brilliant and distinguished citizens, but his statement is decidedly disappointing there is too much poignancy in faultfinding with the other fellow. The other fellows are all wrong and nonentities, and I am the "big it" of the Alabama Democracy, is too much in evidence in Mr. Knox's tirade.

Bacon Items.

Dear Clipper:—As it has been some time since I have seen anything in The Clipper from our part of the woods I will give you a few notes.

We are having some spring weather now and the fruit and other trees are patting out their buds.

Summer time will soon be here and all-day singings, fried chicken and watermelons will all be ready to pull.

The people are beginning to plant corn, and much of it will be planted next week if the weather continues favorable. Some few of the farmers are not yet ready to plant, as they have not finished breaking out their lands.

We have one of the best Sunday Schools in the county each Sunday evening at Bason and in the afternoon at Union church. Everyone is invited to come and bring someone with them.

Quite a number of people from Bason attended the Southwest Sunday School convention the last fourth Sunday, and all reports a splendid time.

Rev. A. J. Brooks preached at Bason school Saturday night and had a real good crowd to hear him. We hope that he will come again soon.

There will be a singing society organized at New Homestead at the second Sunday in March; and on at Bason's school house the fourth Sunday. Every body is invited to come and bring their song books. The people here will furnish dinner for the crowd, and will furnish watermelons later on.

The Indians passed through our part of the county Friday en route to Enterprise, doing some harsh things as they passed. It was a novel sight for most of us to see the Indians.

Uncle Snopp.

Unexpected Ignorance.

It is distressing how much ignorance there is about these days of vaunted educational advantages. And it provokes indignation where least expected. Next thing we know Major Barron, of the Advertiser, will be having J. Coasner and Weatherford fighting together against Peter the Great, in the Boer war, and Brother Graves, of the Brundidge News, will be having Anthony Wayne in the Confederate Army.

Not that the aforementioned authorities have been making breaks on history, but after seeing what Watterson Stealey, one of the brag correspondents at Washington, says in a letter in Wednesday's Age-Herald, we are prepared for anything; here's the bunch of misinformation Stealey gives the unsuspecting Age-Herald readers:

The death of Senator Platt of New York has finally brought out the story of the republican presidential victory in 1888. Platt wrote it in the early nineties and gave it to a friend with the request that it be printed until the die.

It makes its appearance to day. According to Platt, Senator Elkins came to him during the republican convention and offered him the secretaryship of the treasury, if he would deliver New York's delegate vote to Garfield. Platt consented and Garfield was nominated and elected. Shortly before the election Matt Quay, the chairman of the republican national committee, came to Platt and told him that the electric of Garfield was in great doubt, and Cleveland would win unless \$150,000 more could be once be raised.

Platt got the money for the Garfield campaign fund, Garfield was elected, but did not appoint Platt. It is all ancient history now, but it is an interesting story of republican bribery and failure to redeem promises, and no one doubts but what it is all true.

We thought knowledge of current and recent political history was a sine qua non in the selection of Washington correspondents. It seems that it is not so.

We wonder how many of the big boys and girls of Coffee County's schools are being taught history in a way that will keep them from making breaks like the above? We wonder how many can tell off hand when Garfield was killed; can tell who was his democratic opponent, when he ran for president and was elected, and who was Cleveland's opponent in 1884, 1888, and 1892?

We had always been a little vain over newspaper men being well posted, but when men of the standing of Stealey, makes such breaks, we are prepared for any display of ignorance, even from men like Barron and Graves.

Figuring For Water Power.

Troy Messenger.

"There is nothing especially new in the street railway situation said Judge W. R. White this morning when seen by a Messenger man. "Plans are steadily going forward and the company desires to survey the Elba line when the surveyors come to Troy again. Correspondence is going on now, with this end in view."

It is understood that the company promoting the Troy proposed railway has made a proposition for water power at Elba and this is now being pushed. It is also understood that if this can be successfully terminated the survey for both the Troy line and the Elba line will be taken up at once.

We will have quite a bit of politics of various sorts this year. Two county primaries; one state primary; a state convention; a congressional election; and a general election of state and county officers. You need this paper this year and you ought to take it.

Just a little while till the county primary.

Mr. Brown Here.

Yesterday Hon. Cyrus B. Brown of Montgomery county, who is a candidate for Secretary of State was at Elba on a tour of the state. He met much encouragement here.

Mr. Brown is Chief Clerk in the office of the Secretary of state, and has served in that and other capitol offices many years. He is the man about whom The Clipper has had things to say about knowing how and doing it.

Mr. Brown is responsible in no small way for the great improvements and economies in the insurance and other departments of the office of secretary of state, which advances have helped all the people of the state.

As Clerk of the House of Representatives Mr. Brown shone. Despite unpleasantness at times with unremitting toil, he kept the records so that no dead law is charged up to him. Members of the House, no matter how they have been divided from him in the past on other matters, unite in saying that so wonderfully capable a man as he ought to be made Secretary of State.

Cy Brown held an humble position in a print-shop when he went to work at the capitol. He stuck; he has never had any of the big paying jobs. He knows how. He is second man in the Secretary of State's office, asks promotion on the one ground that he knows how to do the work right and will do it right. He's a winner and it is a good thing that he is.

His county committee, that of the great county of Montgomery, indorses him in the highest terms for his ability, as do all who know his worth.

Happy Marriage.

Wednesday night at 8 o'clock, at the home of the bride's mother in Enterprise, Miss Minnie Lee married to Mr. William White, Rev. B. C. Glenn officiating. Immediately after the ceremony the happy couple left for Elba where they will live.

The bride is a charming young lady of many lovable qualities, while the groom is a fine young man. We wish them a long and happy life.

Mr. Symonds Arrives.

Last night Mr. Fred Symonds and family arrived from Oklahoma to make Elba their home. Mr. Symonds is a successful business man and talented construction engineer, and has had much valuable experience at the head of large manufacturing concerns. He is a man of means, ideas and energy, and his coming to Elba with his estimable family is gratifying.

Mr. Symonds has purchased the entire stock of the Elba Telephone Company and has also purchased the residence of Mr. E. Wise. We welcome him and his interesting family to Elba.

Mr. W. J. Bowden, who for several years has been assistant cashier at The First National Bank of Elba, has moved to Dozier and accepted a position with the First National Bank of that place. Mr. Bowden is an expert in his line, knows the banking business thoroughly, and the Dozier bank was fortunate in securing his services. Every citizen of Elba regrets to see Mr. Bowden leave here. A more accommodating, courteous, or more valuable citizen has never lived in this town. We hope that he may find life pleasant and profitable in his new home, but we would be glad to hear that he was hiking back to Elba.

Special attention is called to Sachs shoe mention in Vaughn & Kendrick's ad.

70,000 ON STRIKE

Sympathetic Walk-Out of Organized Labor.

STRIKERS ARE RIOTOUS

Union Men of All Trades Rally Around Union Labor Standard to Back Up Fight of Trolley Men Against Philadelphia Car Company.

Philadelphia, Pa.—Disorder in many parts of the city marked the first day of Philadelphia's great sympathetic walk-out of organized labor to back up the fight of the trolley men against the Philadelphia Rapid Transit Company. Nearly every section of the city had its tail of cars attacked, of men assaulted by strikers, or sympathizers, or of clashes with police when the latter tried to disperse the crowds.

The scene of the most general disturbances was in the very center of the city. The greatest trouble was experienced by the police at Independence Square, where, despite the announcement by Mayor Rehrman that no demonstration could be held on that historic ground, a crowd estimated at 25,000 persons gathered to participate in or watch the demonstration of organized labor.

Policemen, mounted and afoot, were there by the score with strict orders to keep the crowd moving. This was accomplished, and it is due to the patience, carefulness and steadiness of the police that no serious outbreak occurred. A great crowd of strikers paraded through the square and were not molested by the police.

There was a wide difference of opinion as to the extent of the strike. The committee of ten of the Central Labor Union, which is conducting the strike, in a statement made, announced that reports show that 70,000 union men are out and that the walk-out has affected 30,000 other workers.

STRIKE MAY WIDEN.

Remember That Walk-Out May Be Called in Other Cities.

New York.—In labor circles it is reported that Samuel Gompers, of the American Federation of Labor, is in Chicago to consult labor leaders with the view of calling a strike of car men in Cleveland, Pittsburgh, Omaha and San Francisco in sympathy with the Philadelphia car strike.

The Philadelphia Traction Company is said to be a large holder of securities in the traction companies in these cities.

Chicago.—President Gompers would neither affirm nor deny the report that his chief mission here was to consider the question of calling out the street car men in four cities mentioned in a dispatch from New York. "It's a matter I don't care to discuss," was all the labor leader would say.

BABY'S THRILLING RIDE.

15-Month Old Youngster Has Remarkable Experience.

Galveston, Texas.—When Walter Wilber, the fifteen months' old son of Franklin Wilber, a prominent stock man, of Big Springs, disappeared from home the first suspicion was that he had been kidnapped. Following this theory, several strangers about town were arrested. But as trace of the infant was found until word came from Barstow, 150 miles west, on the Texas and Pacific railroad, that a child had been taken up from the trucks of the California Limited.

Just how the child got to the trucks is a mystery. But greater still is the mystery how the little fellow maintained his position on the train, which, through this section of the country, makes 50 miles an hour. The crisis of the baby as he scrambled from his perch beneath the train attracted attention. Inquiry among the passengers failed to identify the child, and the discovery was wired along the line.

DUEL ON STREETS.

South Carolinians Engage in Fatal Affray At Edgefield.

Edgefield, S. C.—Horace Hammond was shot and killed by W. Vance. Vance was arrested after the shooting.

The two men, both prominent farmers of this county, met on the street, which was crowded with people. They exchanged angry words about a debt and finally the tie was passed.

Then Hammond opened fire. Vance replied and they emptied their revolvers at each other at close quarters. As the last shot was fired Hammond fell, dying almost immediately. Hammond was shot in three places and Vance received two wounds.

An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously.

Dyspepsia cannot eat the things they like; food sours in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated all along, and the whole are forced and irritated.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your drug store and get a bottle of Dr. Caldwell's Syrup Pepsin.

What C. Powell, of Carson City, Mich., did and he is well today. Others who did the same and are cured are Ida A. Fortune, of Grand Junction, Tenn., R. P. Thompson, of Shenandoah, Ia., who actually considers that it saved his life.

You can obtain a 50-cent or \$1 bottle of the Syrup Pepsin, and taken according to directions, it will probably be all you need. It is a liquid, acts gently, never irritates, and besides the laxative effect, contains medicinal tonic properties.

After this all tickets will be dated.

City Drug Company,

It is reported the Mr. Rockefeller is preparing to give five hundred million dollars to charitable work. A charter under which to work has been asked from congress. Mr. Rockefeller's only son will be at the head of the work.

Sunday School Convention.

On Feb. 27, the South-West District met in an enjoyable and profitable convention at Damascus.

Due to the fact that several of the speakers were absent it was impossible to carry out the program in full. However an interesting program was rendered as follows:

Devotional exercises, by J. D. Fuller.

Teachers' Responsibility, by R. B. Carr.

Successful Sunday School, by Rev. C. O. Helms and Prof. Hicks.

Sermon Rev. C. O. Helms. Dinner.

Supt. Duty, by Prof. W. W. Benson.

Co-operation in Sunday School work, M. W. Wise.

How to make Coffee a Gold Star County, T. D. S. Edwards.

The elementary work, Mrs. Claude Riley.

The following resolutions were adopted: Whereas the South West Sunday School convention has been delightfully and hospitably entertained by the good people of Damascus church.

Be it resolved that this body extend our heart felt thanks and gratitude to this community for the hospitality and consideration extended to us on this occasion.

A farmers' meeting recently held passed resolutions condemning the present high prices of food stuffs. It looks like the farmer would be the last man to kick at prices.

The South on Farm Gazette is a live farm paper, with live farm news, and it comes every week, whereas most farm papers are monthly. You ought to get it. The price is a dollar a year, and it is worth it. We offer it in combination so that it costs you very little. You ought to take it.

The candidate are with us, and a clever lot they are. Pity they have got to be thinned down.

Many farmers will plant some corn this week.

WHY IT PAYS

To do business with The First National Bank. Your money is safe; every safeguard and protection for the depositor is furnished. Your valuable papers may be stored in our fire and burglar proof vaults FREE OF CHARGE.

Our centrally located offices are always at our customer's disposal. Our farmer friends are especially welcome; they will find our bank a handy place to write letters and transact their business. We want you to feel near enough to the officers so that when you want any advice regarding your business, or any investment you wish to make, you will freely consult with them and feel that any advice is gladly given, as it always is.

The Best Kind Of Life Insurance

is health insurance. The best way to insure the health of your family when any member gets in a "run-down" condition, is to use a tonic that removes the cause of the ill-health. Such a tonic is

DR. D. JAYNE'S TONIC VERMIFUGE

A "run down" condition is generally due to the failure of the digestive organs to properly digest the food. Dr. D. Jayne's Vermifuge tones up the digestive organs so that they supply the body with proper nourishment, and in this way bring about lasting health. Ordinary tonics simply supply food material in predigested form, and consequently are only effective as long as the tonic is taken.

Sold by all Druggists—two sizes, 50c and 35c. Dr. D. Jayne's Vermifuge has been relieving and curing Coughs, Colic, and similar ailments for nearly four generations.

Don't plow your land while it is wet. Wait until it will crumble well under the plow. It kills land as dead as a mackerel to plow it when the soil sticks together and falls over the plow in lumps.

Farmers about Elba have done splendid work on their farms during the past winter, and lands are in much better shape to receive the seed than has been the case at this season for many years. With fair seasons this will be great year for Coffee County.

My Platform.

TO THE VOTERS OF ALA. AMA: In asking your support for Associate Railroad Commissioner of Alabama, I deem it proper to state that I will, without fear or favor, honestly and earnestly perform the duties of the office, if honored with it by my fellow citizens.

The duties of the commission are made plain by statute. The laws provide for maximum rates, limitations on demurrage, &c., and other statutory requirements in the proper and fair regulation of the common carriers operating in Alabama.

If the commission desired to deal unjustly with the railroads, the law prohibits; on the other hand the commission can deal unjustly with the public by negligence.

The duties of the commission are both executive and judicial. Therefore to be "fair to the railroads and to the people," is simply to ENFORCE THE LAWS and settle with fairness and justice differences arising between the carriers and the public.

The salary of the office is sufficient to claim the entire time and earnest endeavor of competent men.

If elected I will devote my entire time and best efforts towards the service of the people.

KYLE B. PRICE.

Notice.

Hon. Emmett O'Neal Candidate for Governor of Alabama will address the people of Coffee County at Elba, on Monday March the 21st 1910.

Every body cordially invited to come, and hear one of Alabama's greatest men.

Alabama Sunday School Convention at Mobile
on 23, 24, and 25, of March, 1910.

I want to urge every white Sunday School in Coffee County to send Delegates to the Alabama S. S. Convention to be held at Mobile on the 23rd, 24th, and 25th of this month. The time is close at hand, and each Sunday School in the County should elect and send three delegates, or more. All Ministers and Superintendents may go as delegates in addition to the three others.

Coffee should send a large delegation to this Convention. Besides the many attractions of the City of Mobile, with the free excursion on Mobile Bay, on the Steamer Pleasance Bay, delegates will have an opportunity of seeing and hearing the President of the World's S. S. Convention, F. B. Meyer, of London, and some the leading Sunday School workers of the State and nation. Excursion rates on the R. R. and reduced hotel rates will be given all delegates.

Respectfully,
J. A. Carley,
County President.

From Mr. Eagerton.

To the Voters of Coffee County: I regret that I have not been able to see the people of one or two communities in my race for sheriff. I wish I could have done so, but the county is large and time was short. I will appreciate their vote and help on next Saturday. I feel confident of success and hope no one will think hard of me for not seeing him and asking him to vote for me, for it is not my fault, and I will appreciate the vote and help of all.

J. T. Eagerton,
Candidate for Sheriff.

The Biggest & Best Yet.

THE CLIPPER offers its readers the best and biggest combination it has ever been able to procure. It is not as showy an offer as it has made in the past, but it is decidedly the best. There is nothing in it that you cannot use; and each item is the best of its class.

Here is The Offer.

The ELBA CLIPPER one year, twice every week, home and county and state news, Regular price	\$1.00
SOUTHERN FARM GAZETTE one year, a weekly farm paper, covering conditions here. Regular price	1.00
12 Papers Best Caden seed fresh, good, true to name, most best that you can buy. Regular price	.60
Regular price of all	2.60

**ALL FOR
\$1.40**

Thru March 21st.

THE CLIPPER you know; we want to tell you about THE SOUTHERN FARM GAZETTE. It is a farm paper such as you need to help you on your farm; it is not the sort that tells you so many fancy things that you cannot use or try, but it is a Mississippi and Alabama farm paper. It helps at the kind of farming you do and are trying to do. It is not over your head, but is on a level with you. Then it is a weekly paper; most farm papers that you see are published every two or four weeks, this one is published once a week, and so is much more valuable than monthly or twice a month papers.

THE SBD are Amzi Golden's best—the sort we have in years past given in combinations they are fresh, and the best money will buy. Below you will find an order blank, mark opposite each sort of seed number of papers you want up to 12, and we will send them by mail to you. We will send to one person and papers to another, or one paper to another, or almost any way you want, if you'll write us a letter telling how you want it.

You may want to know how we do this. Well in the first place it is a bargain offer we make just to make things lively. In next place we have bought the Farm Gazette subscriptions in large number at close price and send the same way.

Order Blank.

Elba Clipper, Elba, Ala.
Please send me your special offer of Clipper, one year; Farm Gazette, one year; and 12 papers seed as marked below. I have marked opposite names of seed number of papers that I want of each sort. I enclose money order for \$1.40.
